old habits die hard but the damage is done
g
it would all be so easy if it wasn't such fun
c
you can pick up the pieces for the price of your love
g
and you can get back to normal or near enough
d c g d
and then there's no obligation love's a luxury
d c g d
the price is too high and you paid it for me
d c g d
you can get back to normal or as close as can be
d c g d a
and you like it that way when you're considered to be (by your friends)
c g d
duty free

once again you're receptive to a scene you condemned
you're not over protective/selective when it comes to a friend
age is no object it's as clear as can be
you must be living for kicks 'cause you're not living for me
and then there's no obligation love's a luxury
you like it that way because you're considered to be by your friends close friends - duty free

a
i may be a fool i was a sucker in school
c#m f#m f#m/ g#m/ A
head over heels at the drop of a rule
a
love is a ladder it's a train you can't stop
you can only come down when you get to the top
love is a ladder it's a train you can't stop
a e
if you can't get aboard you hang on hang on till you drop

now you're back in circulation the words gone around
that you changed your situation you're no longer bound
you can afford to be offensive or sweet to the core
you don't have to be defensive now that love's not the law (*now there's no love no more*)
and there's no obligation love's a luxury
the price is too high and you paid it for me
you can get back to normal or as close as can be
and you'll like it that way when you're co considered to be
by the friends of your friends - duty free

love is a ladder it's a train you can't stop
you can only come down when you get to the top
love is a ladder it's a train you can't stop
if you can't get aboard you hang on hang on till you drop

Now you don't have to tell me and I don't want to see
It's bad enough just thinking 'bout the way it must be
It's like taking poison and waking up dead
When I think of the boys and the men in your bed

And I don't recognize you though the face is the same
It's my right to despise you that's the name of the game
maybe you've fallen and maybe your free
maybe you're normal or as close as can be
but there's no obligation love's a luxury
you like it that way cause you're co considered to be
duty free duty free duty free duty....
