and don't try to say that i'm in your way that you don't love me anymore

i won't believe you / i won't believe you

Verse 4

when you say you're numb or your time has come to the point of no return

that the feeling's gone and the lesson's one you had to live to learn

oh don't my letters reach you girl don't they even mean a thing

or by the time you read them are they wasted on the wing – on the wing

Verse solo with change to D + descent + bridge

Verse 5

so you gave up hope 'cause you could not cope when your heart began to bleed

and now your sure that being insecure is the very last thing you need

so self defense makes perfect sense you told me all the while

that the only thing you want to wake up with is a smile

Verse 6

but as the weeks go by the more you cry the less you have to give

and your heat will freeze and guarantees no reason left to live

oh don't my letters reach girl don't they even mean a thing

or by the time you read them are they wasted on the wing

i won't believe you / i won't believe you

Verse 7

when you insist that once i missed a chance to make you mine

and from that moment on you're as good as gone and all it takes is time

that maybe true if i only knew how I let you slip away..... > E oh I won't believe you

D C#m Bm A

i don't need to read you girl you warned me what you'd say

A C#m Bm E
